**Subject :** **COLUSA POWER PLANT - DATA ADEQUACY RECOMMENDATION (01-AFC-10)**

The consideration by Energy Commission of the Executive Director's Data Adequacy Recommendation for the Colusa Power Plant Project Application for Certification (AFC) (01-AFC-10) was initially scheduled for the August 8, 2001 Business Meeting. In effort to make the AFC complete, the applicant submitted additional information on August 6, 2001. Therefore, the item was moved to the August 15, 2001 Business Meeting.

Staff has reviewed the AFC and the supplemental information and has determined that the AFC is data adequate for both the 12- and 6-month requirements. Attached are the revised data adequacy worksheets for all technical disciplines that were found to be data inadequate in the July 30, 2001 memorandum. The deficiencies in all outstanding areas have been eliminated.

At the Energy Commission's business meeting on August 15, 2001, I will be recommending that the Energy Commission accept the AFC.

If you have any questions, please call Kristy Chew, Energy Commission's Project Manager, at (916) 654-3929.

STEVE LARSON  
Executive Director
